

Dear parents,

Please send by e-mail the completed accident declaration form together with the medical certificate completed and signed by a doctor, to Mr. Nikola Jacques.

Please note that the following sections are compulsory:

- Page 1, sections 2, 3 and 4 (as well as section 5 if the accident involves broken eye glasses)
- Page 3: fill in the whole page and sign
- Page 4: to be filled in by the practitioner who treated the child immediately following the accident

Once the form is filled in, it can be sent to Nikola electronically to: nikola.jacques@eursc.eu

Nikola will then proceed to file the claim with Ethias and request your additional information if needed.

Once the claim has been filed, you will receive an e-mail with an attachment containing the case reference number and instructions. From that point forward, you will deal with Ethias directly.

Thank you for your cooperation.
