

Science Festival 2017-2018

On 12 January, our school organised the 10th annual Science Festival with 18 projects. More than 600 students visited the presentations on that day and the jury (containing teachers, students and a parent representative) finally selected the students who can represent our school in different international competitions.

The following 3+1 (reserve) projects were selected to participate in the next ESSS (European Schools' Science Symposium) in Luxembourg:

- Anna Charlotte MÁTHÉ and Julien GREEY S5En
- Julian MÁTHÉ S2En
- Cristina JIMÉNEZ PELARDA and Marta LÓPEZ SERRANO and ALEJANDRA ALCANTARILLA S3Es
- +1 Carl SKINNEBACH S2Da

For the next EUCYS (European Competition of Young Scientists) in Brussels - Tour & Taxis:

- Antonina KUBICKA S2Pl
- Julilla ROBOZ S4Hu
- Samo KOBE and Benjamin HAITSMAN and Ivor LANGUS S3En
- Andy CERNAT S1Fr

The jury also announced the final winners of this competition in the Senior and Junior categories:
