

Ideas

Collection of titles of previous Science Festivals' projects

Juniors - S1

1. High star fashion
2. Ultraviolet light
3. Cool notebooks and cool grades
4. Effects of Deforestation
5. Theoris of Time Travel
6. Density
7. Nuclear Power Plants
8. Money money money....
9. Les deformations du corps humain dans l'espace
10. Le monde a tracers les funettes

Juniors - S2

1. The Mass of Earth
2. Potential to use 3D printing for tissue/bone replacement.
3. Age test-ears do not lie
4. Allergens in everyday food
5. Endo et exothermique
6. pH and the facial creams
7. Pressure of gases
8. Pierreries
9. Indicators
10. The Brain
11. Refraction of Light
12. Le chauffache le moins cher du monde
13. Les volvans
14. Mint coolong effect
15. Top 5 Deadly Diseases
16. Problems of Climate
17. Cloning
18. Le Smog
19. Growing Plants
20. Construction et etude d'un generateur eolien

Juniors - S3

1. Hamster vs Le Minotaur. Donc teste de mémoire
2. La représentation du tableau périodique des éléments
3. Solar Energy
4. Human stem cell

5. Wildlife Analysis Through OWL Pellet Dissection
6. What is photographic memory and does it exist?
7. Qu'est-ce que l'hypnose?
8. Un repas as types rien qu'aves des vegetaux
9. Learning in rabbits and role of incentive
- 10.CanTEEN
- 11.Different effects on the brain
- 12.Comment ca marche, quel avenir
- 13.Plant Physiology - Auxin
- 14.Black Holes
- 15.Adrenalin
- 16.The magic behind the blue tack
- 17.Analyse des populations bactériennes
- 18.Hover Science
- 19.The impact of screen technology on the Human Brain

Seniors - S4

1. Study of privacy in social media
2. A mobile gaming concept for "social responsible" students
3. Bacteria
4. Cryptage sur le cloud
5. The relationship between music and concentration
6. Facilitating education using android apps
7. Textiles of the future
8. Taking Short Cuts

Seniors - S5

1. Schlieren effect
2. Trajectory of a golf ball
3. Conformative Psychology
4. Armor and projectiles
5. Le diamant mandarin
6. Influence of external colours
7. Human Clock
8. Subliminal Images are effective...???
9. Robotics
- 10.Behaviours of domesticated and wild animals

Seniors - S6

1. EEB1 as a particle system
2. Design and build projekt for radio telescope
3. L'eau du Da Vinci est-elle vraiment portable?

4. My DIY Home Automation
5. Our robot: E3-B1
6. Construction of a cloud chamber
7. The eggsperiment - Are soft drinks really bad for you?
8. Changes in surface tension of water depending on substances dissolved in it
9. Influence of UV and magnetic field on nostoc bacteria
10. Multifunctional application of natural sensor arrays
11. LaciCloud - the FTP-based cloud storage service
12. Teaching machines simple games
13. Oprogenetics
14. DNA investigation
15. Marine Humanoids
16. Recycling of fats
17. Multiverse
18. Wireless power
